

Important notice regarding

# All-Terrain & Off-Road Vehicles

**All-Terrain and Off-Road Vehicles are banned from all UTRCA property including:**

- conservation areas
- all trails, including rail-trails
- all natural areas and wilderness areas

**Anyone found using an all terrain or similar vehicle on UTRCA property is trespassing and liable to charges under the Conservation Authorities Act and the Trespass to Property Act. (\$2,000 plus the cost of restoring the damaged area.)**

**UTRCA Provincial Offences Officers have the authority to lay charges against those found using ATVs on UTRCA land.**

**UPPER THAMES RIVER**  
CONSERVATION AUTHORITY

**The Upper Thames River Conservation Authority (UTRCA) owns many important natural areas that are home to thousands of species of plants, animals, fish, birds and other wildlife. Many of these species are rare and endangered.**

It's important that we protect these areas from damage caused by all-terrain and other off-road vehicles. These machines can damage forest floors and disturb wetlands, threatening the health of the ecosystem and its inhabitants.

**Please help protect our significant natural areas.**

- If you see somebody using an ATV on a trail, in a conservation area or on other UTRCA property, please contact the UTRCA at 519-451-2800

There are many places and trails in Ontario where you can use your ATV. For more information contact your local ATV club or visit the website of the Ontario Federation of All Terrain Vehicle Clubs at [www.ofatv.org](http://www.ofatv.org)
