

**Upper Thames River Conservation Authority**

**Class Environmental Assessment**

**Embro Dam**

**Public Information Centre – Comment Form**

The Environmental Assessment for the Embro Dam, in the Embro Conservation Area, is intended to address safety concerns identified as part of the Dam Safety Assessment (ACRES, 2007) including insufficient spillway capacity, insufficient freeboard, embankment stability and conveyance of flood flows through the emergency spillway. Through the study, potential alternatives will be evaluated to determine a course of action to mitigate dam safety concerns.

The project is being carried out in accordance with the requirements of the *Conservation Ontario Class Environmental Assessment*. The study is being undertaken by the Upper Thames River Conservation Authority (UTRCA).

Public consultation is a key component of this study. This Public Information Centre (PIC) is held to receive public input on the possible future alternatives for the Embro Dam. Any feedback and comments provided will become part of the public record for this project.

Please provide your comments in the areas that interest you.

Considering the evaluation criteria required to be assessed through the Environmental Assessment process, what I like and/or dislike about each alternative for the Embro Dam is as follows :

**Alternative 1 – Do Nothing**

---

---

---

---

---

---

---

**Alternative 2 – Repair Dam**

---

---

---

---

---

---

---

**Alternative 3 – Remove Dam and Construct a Natural Channel**

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**Alternative 4 – Remove Dam and Construct Offline Pond(s) or Wetland(s)**

---

---

---

---

---

---

---

---

---

---

**Alternative 5 – Lower Dam Crest and Outlet and Naturalize New Pond Perimeter**

---

---

---

---

---

---

---

---

---

---

**The Alternative that I like the most is Alternative:**      1      2      3      4      5      **(Please Circle)**

**Other things that have not been discussed but which the study team should consider?**
