

Fullarton Dam Rehabilitation Class Environmental Assessment

Notice of Completion

Fullarton Dam Rehabilitation

The Upper Thames River Conservation Authority has now completed the Class Environmental Assessment (Class EA) evaluating a remedial flood and erosion control project at the Fullarton Dam, located in the Fullarton Conservation Area.

The Process

The Class EA process invited members of the public and interested parties to provide input at key stages of the study. The Class EA process defined the issue and its causes, considered and evaluated alternative solutions, assessed the potential impacts of the preferred solution, and identified measures to reduce potential adverse impacts. The project was assessed in accordance with the Conservation Authority Class Environmental Assessment for Remedial Flood and Erosion Control Projects document (June 2013). The preferred alternative is the dam decommissioning and watercourse restoration.

We Want to Hear from You

Interested parties may provide written comments to our project team between June 11 and July 9, 2025. All comments and concerns should be sent directly to the project team identified below. We thank you for your interest, and for your participation in the planning of this project.

In addition, a request to the Minister of the Environment, Conservation and Parks for an order imposing additional conditions or requiring an individual environmental assessment may be made on the grounds that the requested order may prevent, mitigated or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Request should include your full name and contact information.

Requests should specify what kind of order is being requested (additional conditions or an individual environmental assessment), explain how an order may prevent, mitigate or remedy potential adverse impacts, and can include any supporting information.

The request should be sent to:

Minister of the Environment, Conservation and Parks Ministry of Environment, Conservation and Parks 777 Bay Street, 5 th Floor Toronto ON M7A 2J3 minister.mecp@ontario.ca	Director, Environmental Assessment Branch Ministry of Environment, Conservation and Parks 135 St. Clair Ave. W, 1 st Floor Toronto ON M4V 1P5 EABDirector@ontario.ca
---	---

Requests should also be sent to the Upper Thames River Conservation Authority by mail or e-mail. Please visit the ministry's website for more information on requests for orders under section 16 of the Environmental Assessment Act at: <https://www.ontario.ca/page/class-environmental-assessments-section-16-order>

All personal information included in your request – such as name, address, telephone number and property location – is located, under the authority of section 30 of the Environmental Assessment Act and is collected and maintained for the purpose of creating a record that is available to the general public. As this information is collected for the purpose of a public record, the protection of personal information provided in the Freedom of Information and Protection of Privacy Act (FIPPA) does not apply (s. 37). Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential.
