

Upper Thames River Conservation Authority

Harrington Dam Class Environmental Assessment

NOTICE OF SECOND PUBLIC INFORMATION CENTRE

THE STUDY

Upper Thames River Conservation Authority (UTRCA), through their consultant Ecosystem Recovery Inc., is undertaking a Class Environmental Assessment (Class EA) for the Harrington Dam in the Township of Zorra. The study was initiated to address results of the 2007 Dam Safety Review of the Harrington Dam which identified significant issues with the spillway capacity and embankment stability of the dam.

SECOND PUBLIC OPEN HOUSE

The first open house was held on June 25, 2015 to introduce the study and to receive comments from the public. A second Public Open House will be held on May 12, 2016 to present an overview of existing conditions, to introduce technically feasible potential alternative solutions for the future of the dam, to review the evaluation criteria for the alternatives, and to provide an opportunity for public comment and input. A third Public Open House will be held to present the preferred alternative for the dam; the expected date is June 2016.

The map on the reverse of this page shows the location of the study area.

WE WANT TO HEAR FROM YOU

Public consultation is a key component of this study. The Project Team invites public input and comments, and will incorporate them into the planning and design of this project. The second Public Information Centre will take place at the following time and location:

Public Information Center 2:
Date: May 12th, 2016
Time: 7:00 p.m. to 9:00 p.m.
Place: Harrington Hall and Library
539 Victoria Street
Harrington, ON

The evening will begin at 7:00 pm with a formal presentation that will be followed by a time for discussion and questions. Presentation boards will be displayed throughout the evening and comment forms will be provided to enable public feedback and input into the project. Further opportunity for questions and discussion with the project team will occur throughout the evening.

STUDY CONTACTS

To submit comments, request further information, or to join the project mailing list, please send an email to the project email address:

harrington_dam@thamesriver.on.ca

Contact information for the project team leaders is listed below:

Mr. Rick Goldt, C.E.T.
Supervisor, Water Control Structures
Upper Thames River Conservation Authority
1424 Clarke Road
London, Ontario, N5V 5B9
Tel: 519-451-2800 ext. 244
Fax: 519-451-1188
goldtr@thamesriver.on.ca

Mr. Wolfgang Wolter
Senior Project Manager
Ecosystem Recovery Inc.
550 Parkside Drive, Unit B1
Waterloo, Ontario, N2L 5V4
