Agenda #: 4
Report: Closing of Application #61-23

Recommendation

THAT the Hearing Committee adjourn the Hearing for 290 Pittock Park Road.

Background

January 29, 2023 the Hearing Committee heard application 61-23 by Nathan Kok regarding a proposed development within an area regulated by the Upper Thames River Conservation Authority at 290 Pittock Park Road, City of Woodstock and passed the following motion:

Resolved that the Hearing Committee of the Upper Thames River Conservation Authority (UTRCA) defer the decision pending the applicant provide staff a complete application of proposed development with all recommended information to the satisfaction of Authority staff, to be brought back to the Committee within six months.

The decision to defer was made for the following reason: The Committee felt they did not have enough information to make a decision.

Update

UTRCA staff have been working with the applicant on a complete application. Staff expect a resubmission which now conforms to all UTRCA policies and therefore needs no further attention from this Committee.
