

Safe Boating: Required Safety Equipment

No personal watercraft are permitted on the reservoirs at anytime.

For vessels no longer than 6 metres, including rowboats, canoes & kayaks:

1. One Canadian-approved personal flotation device or lifejacket of appropriate size for each person on board.
2. One buoyant heaving line of not less than 15 m in length.
3. One manual propelling device or an anchor with not less than 15 m of cable, rope or chain in any combination.
4. One Class 5BC fire extinguisher, if the pleasure craft is equipped with a fuel burning cooking, heating or refrigerating appliance.
5. One bailer or one manual water pump fitted with or accompanied by sufficient hose to enable a person using the pump to pump water from the bilge of the vessel over the side of the vessel.
6. A watertight flashlight or three Canadian-approved flares of Type A, B or C (powered vessels only).
7. A sound signaling device or sound signaling appliance.
8. Navigation lights that meet the applicable standards set out in the Collision Regulations if the pleasure craft is operated after sunset and before sunrise or in periods of restricted visibility.
